Conclusion

The custom 404 page has been successfully created, deployed, and verified. All 13 verification points pass. The page matches the ForexWizard dark theme design system, includes proper noindex metadata to prevent search engine indexing, provides clear navigation back to the site with 5 explore links and a Telegram CTA, and all 12 existing pages remain unaffected with HTTP 200 status. The sitemap (12 URLs) and robots.txt are unchanged.
